

## TekExpress USB 3.2 Transmitter Solutions Datasheet

Required test procedures (MOI) can be found at: [www.tek.com/usb](http://www.tek.com/usb).

*TekExpress automated framework configuration panel*

## Ordering Information

### Automated TekExpress USB 3.2 (5 Gb/s and 10 Gb/s) transmitter measurements

#### 7 Series DPO

| Nomenclature | Description                                                                                                                |
|--------------|----------------------------------------------------------------------------------------------------------------------------|
| DPO714AX     | Tektronix DPO (Digital Phosphor Oscilloscope) 16 GHz and above, 7-SIM (optional)                                           |
| 7-CMUSB3     | USB 3.2 (5 Gb/s and 10 Gb/s) Transmitter Normative and Informative Tests for TekExpress Automated Compliance Test Software |

#### 70K SX/DX Series oscilloscope

| Nomenclature                     | Description                                                                                                                                             |
|----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| DPO/MSO70000*                    | Tektronix DPO or MSO (Mixed Signal Oscilloscope) Oscilloscopes – 16 GHz and above with DPOJET and SDLA64 installed                                      |
| DPO/MSO70000<br>Opt. USBSSP-TX** | USB 3.2 (5 Gb/s and 10 Gb/s) Transmitter Normative and Informative Tests for TekExpress Automated Compliance Test Software                              |
| USBSSP-UP                        | Upgrade USB-TX (Supports 5G only) software to USBSSP-TX software package (Supports 5G & 10G)                                                            |
| DPOFL-USBSSP-TX**                | Floating license upgrade for USB 3.2 (5 Gb/s and 10 Gb/s) Transmitter Normative and Informative Tests for TekExpress Automated Compliance Test Software |
| DPO-UP USBSSP-TX                 | Upgrade for USB 3.2 (5 Gb/s and 10 Gb/s) Transmitter Normative and Informative Tests for TekExpress Automated Compliance Test Software                  |
| DPOFL-USBSSP-UP                  | Upgrade from Floating USB TX to Floating USB SSP TX                                                                                                     |

\* Requires oscilloscope with bandwidth  $\geq 16$  GHz for USB 3.2 Gen2 (10Gbps) and  $\geq 12.5$  GHz for USB 3.2 Gen1 (5Gbps).

\*\* Requires DPOJET Jitter and Eye Analysis Tools (Opt. DJA) and  $\geq 16$  GHz oscilloscope and SDLA Visualizer (SDLA64).

#### Recommended test fixtures, cables, and tools

| Item                                                                                                                | Vendor    | Quantity |
|---------------------------------------------------------------------------------------------------------------------|-----------|----------|
| USB3ET Type A and Micro B Gen1 test fixtures                                                                        | USB-IF    | 1        |
| USB31AET Type A & Micro B Gen2 test fixture kit                                                                     | USB-IF    | 1        |
| USB31CET Type C Gen1 and Gen2 test fixture                                                                          | USB-IF    | 1        |
| PMCABLE1M Phase Matched SMA cable set                                                                               | Tektronix | 2        |
| AFG3k or AFG31k 50MHz or higher, DPO714AX internal AFG, AWG5000C, AWG5200, AWG7000C or AWG70000 (DUT State Control) | Tektronix | 1        |

|                                                                       |           |   |
|-----------------------------------------------------------------------|-----------|---|
| 015-0572-00 BNC to SMA adapter                                        | Tektronix | 2 |
| PWS4000 Tektronix Power Supply (optional for automatic power cycling) | Tektronix | 1 |

## Key differences between USB-TX and USBSSP-TX

| Feature                                                                                            | USB-TX        | USBSSP-TX*                       |
|----------------------------------------------------------------------------------------------------|---------------|----------------------------------|
| Automatic measurement selections based on device type, test type, test points, and selected probes | X             | X                                |
| Automatic selection of receiver CTLE filter                                                        | CTLE only     | CTLE/DFE                         |
| Automatic selection of Tx channel modeling for software channel emulation                          | X             | X                                |
| Complete coverage of USB 3.2 Normative and Informative tests                                       | Gen1 (5 Gb/s) | Gen1 (5 Gb/s) and Gen2 (10 Gb/s) |
| Automatically save test reports and waveforms                                                      | X             | X                                |
| Re-analyze prerecorded waveforms                                                                   | X             | X                                |
| Single test report for all measurements                                                            | Gen1 (5 Gb/s) | Gen1 (5 Gb/s) and Gen2 (10 Gb/s) |
| Automated LFPS measurements (setup files only)                                                     | X             | X                                |
| Automated DUT toggle                                                                               | X             | X                                |
| Automated SIGTEST measurements                                                                     | X             | X                                |

\* USB-TX option is not a prerequisite

## Automated TekExpress USB 3.2 (5 Gb/s) transmitter measurements

| Nomenclature               | Description                                                                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| DPO/MSO70000*              | Tektronix DPO (Digital Phosphor Oscilloscope) or MSO (Mixed Signal Oscilloscope) Oscilloscopes – 12.5 GHz and above with DPOJET and SDLA64 installed |
| DPO/MSO70000 Opt. USB-TX** | USB 3.2 (5 Gb/s) Transmitter Normative and Informative Tests for TekExpress Automated Compliance Test Software                                       |
| DPOFL-USB-TX**             | Floating license upgrade for USB 3.2 (5 Gb/s) Transmitter Normative and Informative Tests for TekExpress Automated Compliance Test Software          |
| DPO-UP USB-TX**            | Upgrade for USB 3.2 (5 Gb/s) Transmitter Normative and Informative Tests for TekExpress Automated Compliance Test Software                           |
| USB-TX-UP                  | Upgrade USB TX solution from dongle based license to software node locked license.                                                                   |

\* Requires oscilloscope with bandwidth  $\geq 16$  GHz for USB 3.2 Gen2 (10Gbps) and  $\geq 12.5$  GHz for USB 3.2 Gen1 (5Gbps).

\*\* Requires oscilloscope with bandwidth  $\geq 12.5$  GHz and DPOJET Jitter and Eye Analysis Tools (Opt. DJA).

**Recommended test fixtures, cables, and tools**

| Item                                                                                | Vendor    | Quantity |
|-------------------------------------------------------------------------------------|-----------|----------|
| USB3ET Type A & Micro B Gen1 test fixture kit                                       | USB-IF    | 1        |
| USB31CET Type C test fixture kit                                                    | USB-IF    | 1        |
| PMCABLE1M Phase Matched SMA cable set                                               | Tektronix | 2        |
| AFG3k or AFG31k 50MHz or higher, AWG5000C, AWG7000C or AWG70000 (DUT State Control) | Tektronix | 1        |
| 015-0572-00 BNC to SMA adapter                                                      | Tektronix | 2        |

Tektronix is registered to ISO 9001:2015 and ISO 14001:2015.
